📍 Prishtinë

Education

Master of Science in Hydrotechnical Engineering
Hasan Prishtina University
2018 - 2022

Bachelor of Science in Hydrotechnical Engineering
Wardiere University
2014 - 2018

Expertise

River engineering and flood modelling

Plumbing

Sanitary and stormwater sewers system design

Parking lot design

Water supply systems design

Web Developer

Language

English

Spanish

👤 Profile

Civil Engineer with a Master's in Hydrotechnics and hands-on experience in water supply, river engineering, and wastewater systems. Skilled in project planning and hydraulic modeling. Also a passionate front-end developer with proficiency in HTML, CSS, JavaScript, Boostrap 5 and React Js. Known for bridging engineering and technology to deliver innovative, real-world solutions.

💼 Work Experience

2020 – CURRENT

AL Engineering shpk
Hydrotechnical Engineer
- Designing rivers, flood modelling and river protection
- Designing water supply systems, sanitary and stormwater sewer systems
- Creating Front End Projects

2017 - 2020

Hidroregjioni Jugor - Malishevë
Intership Hydrotechnical Engineer
- Working with the wider engineering team.
- Supervising water supply systems and sanitary sewers

🧩 Digital Skills

Civil Engineering softwares
- Civil 3D
- Autocad 2D and 3D
- Plateia and Aquaterra
- Archicad
- Urbano Cannalis and Hydra
- HEC - RAS
- Microsoft Office

Front End Developer
- HTML
- CSS
- JavaScript
- Bootstrap 5
- React Js

👤 Driving Licence
- Driving Licence: B1
