ABOUT ME

Civil Engineer specialized in **Hydrotechnics** with experience in water supply and sewer system design, as well as hydraulic modeling and infrastructure projects. Strong in **data analysis** and problem-solving, with the ability to develop efficient and practical engineering solutions. Also skilled in **front-end** development, combining engineering knowledge with technology to deliver modern, real-world applications.

SKILLS

HYDROTECHNICAL ENGINEER

Plumbing design | Water supply system design | Sanitary and Stormwater sewer system design | River design and protection | Flood modeling | Parking lot design

DATA ENGINEER

Data Analysis & Visualization using Excel and Power BI

FRONT END DEVELOPER

HTML | CSS | Bootstrap 5 | JavaScript | WordPress

SOFTWARE SKILLS

Microsoft Office | Autocad | Civil 3D | Archicad | Bentley - WaterGEMS | EPANET | Urbano Canalis and Hydra | Plateia | Aquaterra | HEC-RAS | HEC-HMS | Visual Studio Code

EDUCATION AND TRAINING

10/10/2018 – 22/12/2022 Prishtinë, Kosovo

Master of Science in Hydrotechnical Engineering The University of Prishtina

Website <https://uni-pr.edu/>

01/08/2014 – 25/09/2018 Prishtinë, Kosovo

Bachelor in Hydrotechnical Engineering The University of Prishtina

Website <https://uni-pr.edu/>

11/08/2023 – 10/02/2024 Prishtinë, Kosovo

Web Developer ROI Academy

Website <https://roiacademy.net/>

PROJECTS

15/05/2020 – CURRENT

My most common projects

- River engineering projects in the Gjakova region, including channel design and flood protection measure;
- Design of water supply networks for residential objects and infrastructure developments across Kosovo;
- Design of sanitary and stormwater sewer systems for urban areas across Kosovo;
- Design of urban and rural roads in the Gjakova municipality;
- Hydraulic modeling and flood analysis for river systems and drainage networks;
- Development of engineering solutions for efficient water management and infrastructure planning;
- Developed some JavaScript web apps for hydraulic calculations for my daily use.

WORK EXPERIENCE

● **AL Engineering shpk** Prishtinë, Kosovo

Hydrotechnical Engineer

15/05/2020 – Current

- Plumbing design
- Water supply system design
- Stormwater sewer system design
- Sanitary sewer system design
- River design and flood modeling
- Parking lot design
- Supervising infrastructure and plumbing projects

● **Regional Water Supply Company "Hidroregjioni Jugor"** Malishevë, Kosovo

Hydrotechnician Engineer

16/10/2017 – 05/04/2020

- Monitor the performance of the water supply system to ensure reliable service
- Monitor the performance of the water supply system to ensure reliable service
- Identify, diagnose, and resolve hydraulic issues such as leaks, pressure drops, or blockages
- Collaborate with water quality departments to ensure water meets health standards

LANGUAGE SKILLS

MOTHER TONGUE(S): Albanian

Other language(s):

English

Listening C1

Spoken production C1

Reading C1

Spoken interaction C1

Writing C1

Spanish

Listening B1

Spoken production A2

Reading B1

Spoken interaction A2

Writing A1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

DRIVING LICENCE

● **Driving Licence:** B
